Steps in Time

Debbie,

Can you believe we've actually got only one more year before we're thru! I think its far-out! Deb you know just like I said last year that your a sister to me, there's just no other way to put it. When I look back and think of all the things we've gone thru together, good times, bad times & sad times, I can't imagine how it would have been if you'd never been my friend, startin 9th grade. You've stood by me a lot of times when no one else would and I truly appreciate it, Deb. I hope I've been as good a friend to you as you've been to me. I shouldn't even have to tell you that I'll always be there if you need one, but for no other reason, than just to talk. I hope your future is a bright + happy one filled with all the fulfillments of your dreams. And I know one of them already has! For sure! So take care of yourself,

Love always,
Debbi

Love,

To one of my
Favorite people of
all time since I
got to know you well
in Junior High. Hope
You have as much fun
in High School as we did
in Junior High.
Love You. always,
Mike Kerkelis

Deb, you are one a great
girl. Ever since I've
met you I've thought
that you take care of each
yourself good.

M. Ike N.

Debbie,
I really don't know what to say or where to begin because theres so much. I guess I could start at the beginning. Deb I want to say that I really think so much of you. I always have and always will. We've really had some times I'll never ever forget. Remember in Jr. High when we'd sleep out + go over between the buildings? Got caught that one time. And now here we are partying again. Wow! We've had our differences but thats all in the past + we'll just leave it there. Deb I think your one of the kindest + most sweetest people god put on this Earth. You've got a great personality + such a warm heart! I want to wish you all the luck and happiness life has to offer. I wish you + Elvis all the happiness in this world because you two deserve it because your such wonderful people. I'll probably be calling you this summer if your around. You can call me too if you aren't real busy. O.K? Be careful + take care of yourself. We're gonna have to really raise hell next year. Its our last one ya know. O.K.? Be good + take care. If you ever need anything or any help I'll always be around.

Love
Phyllis

A Time for . . .

. . . Loving

. . . Hating

There is a right time for everything:
A time to be born, a time to die;
A time to plant, a time to harvest;
A time to kill, a time to heal;
A time to destroy, a time to rebuild;
A time to cry, a time to laugh;
A time to grieve, a time to dance;
A time for scattering stones;
A time for gathering stones;
A time to hug, a time not to hug;
A time to find, a time to lose;
A time for keeping;
A time for throwing away;
A time to tear, a time to repair;
A time to be quiet, a time to speak up;
A time for loving, a time for hating;
A time for war, a time for peace.

ECCLESIASTES 3:1-8

. . . Being Quiet

. . . Speaking

. . . Looking

. . . Streaking

. . . Laughing

. . . Crying

. . . Dancing

TO SPEAK OF TIME

To speak of time
In terms of minutes, hours,
seasons, years.
Is to realize
There is never enough.

To speak of time
In terms of friends
Is to see them change with it.

To speak of time
In terms of life
Is to see it have changing speeds.

But to speak of time
In terms of Love
Is to realize
That Love is timeless.

Timmy, one should be enough.

Winter Sports Homecoming

The Winter Sports Homecoming King, Alan Collins, and Queen, Betty Karlin, were presented to the student body during a pep assembly on Friday, January 31. The big moment really came for our chosen royalty at halftime during the game between Aztec and Shiprock when they were crowned before an appreciative audience.
The King and Queen were attended by Albert Buyok and Julie Martin and Sandy Hill and Randy Burge. After Aztec won the basketball game, a dance was held to cap off the day's festivities.

Principal's Message

Dear Reader,

Turn to the page with your picture. Do you remember when you looked like that? Remember to smile when your kids laugh at the funny styles you wore. Have you put on a few pounds?

We're sure the staff who put this book together join us in wishing you happy nostalgic hours in going through this book reminiscing over many happy hours you spent with all those others whose faces appear inside these covers.

May these pages reflect a lot of happiness, and also may you be thankful that you learned a little while you enjoyed your high school years.

Sincerely,

Joe E. Boettcher

Joe E. Boettcher

As we graduate from high school and complete another step in our lives, we may think we have reached the top of the stairs and will no longer have the hard climb to reach the top in grades, athletics, and other activities. When we look back, however, we will find that we were not at the top of those stairs, but rather at the bottom of a new and completely different flight of stairs.

When you look back, we hope that the memories of your high school days are pleasant ones. We also hope the pages of this yearbook will help you recall those memories.

I wish to express my- appreciation to the staff, patrons, publishers, and especially Mr. Bell for all the help and hard work that made this yearbook possible.

Sincerely,

Cheryl Terwilliger

Debbie, Well I finally made it, it doesn't seem real! I really think alot of you Deb, and I always will. Cause, all through life I haven't had a sister but now I do and when I met you my wish was answered. We've had some good times and some bad but memories are built from both of these and from each we learn fulfilling the true knowledge of life. I wish you-n-Elvis the very best of luck and happiness and I know no matter if times do get bad where there's love, there's a way. I want you to write to me when I'm at college, I'm looking forward to my new life in Patales but part of me will always stay in Aptos, as in my mind my memories will always remain even if they are shadowed by present worries. I want to thank you for being my friend, for believing in me and my acts and my silly old boyfriends that were always a bummer! But life for me has yet begun and yours is yet to begin. Take it easy and remember the road on which you travel now is but your present, the threads of memories within you are but your past and these two together are your future. Base your future on love and happiness, strive only for the best.

Is it not just within today we seek happiness, but yet within our whole life time we wish to be happy? Is it not just within ourselves we seek for love, but yet within every living thing we wish to love? Is it not from love within happiness is made, but yet within each of us we must learn of this such love? Is it not from our friends we learn of love? So then within life love is our friends.

Love ya always
Chris
